Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 43-49, drawn to an apparatus for fabricating an optical information medium, classified in class 428, subclass 64.
- II. Claim 50 is , drawn to an apparatus for fabricating an optical information medium including means to absorb the radiation radiation curable resin, classified in class 156, subclass 379.6

16

- III. Claim 51 is, drawn to an apparatus for fabricating an optical information medium including means to measure color density of radiation curable resin, classified in class 156, subclass 379.

17

The inventions are distinct, each from the other because:

Inventions I and II are distinct and different from each other because Invention II includes absorbing means while Invention I does not.

Art Unit: 1317

18

Inventions I and III are distinct and different from each other because Invention III includes color measuring means while Invention I does not.

19

Inventions II and III are distinct and different from each other because Invention III includes measuring means while Invention II does not.

20

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

21

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Art Unit: 1317

22

A telephone call was made to applicant's attorney, Mr. Turocy on 2-10-98 to request an oral election to the above restriction requirement, but did not result in an election being made.
